Create your Venue

It only takes a few minutes to set up your venue. You are able to customize the floor plan, description, and seating options.

Create an Event

You have control of pricing and seating options. You can sell tickets for general admission and reserved seating.

Ticket Sales

Each event will have a shared inventory from box office, online and affiliate (POS) sales which is recorded and ready for viewing immediately.

Shopping Cart

eReserve Ticketing also allows you to sell products through the same great system to increase your revenue.

Payment Options

Cash, check, and credit card payments are accepted at your box office. All major credit cards are processed securely for online sales.

Reports

You have access to real-time order, event, and revenue detail reports whenever you want them.

Customer Service

Minimal training needed, eReserve is easy to learn and operate. We support you through set up with continual service thereafter.

Email Marketing

A key feature available through eReserve is eBoost, the email marketing system. Send emails to all customers in your database or target customers by category.
